Adhesive Remover

Description:

A fast acting, heavy bodied product for the removal of adhesives such as tile mastics, carpet adhesives, contact cements, asphalt and latex adhesives. Prepares the old surface for the new installation of wall or floor coverings. Nonflammable, heavy bodied formula clings to vertical surfaces and rinses with water.

Application:

Removes tile mastics, floor and carpet adhesives without harming wood, metal, masonry and ceramic tile. Heavy-bodied for brush application and is water rinsable.

Direction:

Remove existing tile, linoleum, carpet, etc. Brush on thick coat of remover. Allow remover to work for 15 minutes, then check for adhesive softness. (To keep remover wet for 1 - 2 hours and increase penetration, place wax paper over area.) When soft, remove sludge with spatula, putty knife or floor scraper. After removal of adhesive, wet-mop area or scrub with a stiff brush and water with detergent and allow to dry thoroughly.

Label Information:

DANGER: POISON! MAY BE FATAL OR CAUSE BLINDNESS IF SWALLOWED. VAPOR HARMFUL. SKIN AND EYE IRRITANT. Before use, always read all information and warnings on container. Material Safety Data Sheet available upon request.
