

Biodegradable Strypeeze® Paint/Varnish Remover

- Semi-paste formula clings to vertical, curved or rounded surfaces.
- Environmentally safe.
- Safer to use indoors— emits no harmful fumes.
- Water-rinsable for easy sludge removal and cleanup.

SAVOGRAN

Biodegradable Strypeeze® Paint/Varnish Remover

Description

A remover with the cutting power and consistency of Strypeeze, but contains no harsh chemicals or fumes and is suitable for use indoors. Biodegradable formula is environmentally safe.

Application

Removes multiple layers of paint, varnish, epoxy or polyurethane without damaging wood, metal and masonry. One gallon of remover covers approximately 100 square feet of surface area. Biodegradable Strypeeze is easily removed with mineral spirits or heavy duty cleaner such as TSP and water.

Directions

Brush on thick coat of remover. Allow remover to work for 30 minutes or more. Scrape test to see if finish is softened to base. If not, wait 30 minutes longer and retest. Be patient and let the remover do the work. Remove sludge with scraper. Use nylon stripping pad and coarse rags to thoroughly wash off residue from stripped surface with mineral spirits or a water solution of heavy duty TSP cleaner.

Important label information

WARNING: HARMFUL IF SWALLOWED. CAUSES EYE IRRITATION ON CONTACT. AVOID SKIN CONTACT. Before use, always read all information and warnings on container. Material safety data sheets available upon request.

**KEEP OUT OF REACH OF CHILDREN
