Liquid TSP Substitute Cleaner

Description

A heavy duty all-purpose cleaner that cuts through and removes heavy deposits of greasy dirt and grime from interior and exterior surfaces. Recommended for cleaning walls, woodwork, ceilings, concrete, metal, vinyl and aluminum siding. A phosphate-free cleaner which requires no rinsing.

Application

The perfect preparation to any painting project. All good paint jobs begin with a good cleaning to prepare the surface. A properly prepared surface will improve paint application and adhesion. Removes mildew stains when mixed with bleach. The product can be applied by hand or with a pressure washer. Liquid TSP is a concentrated product— one gallon of Liquid TSP will make up to 16 gallons of cleaning solution and clean approx. 6400 sq. ft.

Directions

General cleaning: Add 8 ounces of TSP per gallon of water. Use a clean sponge or cloth, squeeze out excess solution and wash surface from bottom up to prevent streaking. **Heavy duty cleaning:** Add 16 ounces of TSP per gallon of water. Use a nylon scrubbing brush or pad dipped in solution to scrub area. Then damp wipe area using a clean sponge or cloth and fresh cleaning solution. **Mildew stains:** Remove by washing with solution of 16oz. TSP per gallon warm water with one quart chlorine bleach added. **Pressure Washers:** Add full strength to detergent reservoir or place pressure washer tube directly into TSP container. Formulated for injector dilution ratios up to 16:1.

NOTE: TSP WILL NOT HARM VEGETATION. Before and after using product, spray fine mist of fresh water on vegetation. Runoff is not harmful to plants.
