- Excellent for thinning
- Excellent cleaning solvent

- Odorless mineral spirits
- Average solvency
- Excellent for indoor applications
- Good cleaning solvent

- Thins waterbase paints enhancing flow and leveling
- Cleans latex paint spatters, tools and brushes
- 100% solvent free and odorless
- Biodegradable

# Thin-x Paint Thinners

## Thin-x Blue Label Paint Thinner

Economical paint thinner for cleaning fresh or partially dried drippings of oil base and latex paint.

## Thin-x Red Label Paint Thinner

This clean air multi-purpose low odor, mineral spirit thins exterior/interior paints, flats, enamels and varnishes. Wipes fresh paint from painting tools, buckets and pans and partially dried drippings of oil base and latex paint. Removes wax, grease, soot and dust before refinishing surfaces. Meets rule 66 environmental standards.

## Thin-x Odorless Paint Thinner

A thinner for odorless oil base paints and varnishes. Has less solvency than regular Thin-X, but is entirely odorless. Artists rely on its consistency while hospitals and institutions count on no odor.

## Thin-x Latex Paint Thinner

100% solvent free and odorless. It is designed to thin latex and water based paints, enamels and clear finishes. DO NOT USE WITH OIL BASE PAINTS. It enhances the flow and leveling as the finish is applied. The product will clean brushes, rollers, sprayers, buckets and paint trays while latex paint is still wet or soft. Hardened brushes can be cleaned by soaking overnight, slightly longer in extreme cases. Bristles will be soft and supple after cleaning. Old semi-jelled latex paint can be rejuvenated with small amounts of Thin-X Latex Paint Thinner. Contains no detergent or harmful ingredients. Safe for septic systems.
