

Description

Gum Turps is pure spirits of gum turpentine distilled from the living pine tree. Gum Turps is the traditional paint thinner for artists and professional painters. It is chemically pure and free from all adulterants. Thins paints, varnishes and enamels. Removes grease, stains and tar. Not recommended as a cleaning solvent because it will leave a slight surface film.

Application

Excellent for thinning oilbased paints, varnishes and enamels. It penetrates the surface and anchors the paint. Cleans painting tools, removes grease, stains and tar. Preferred for thinning artist's oil colors. When mixed one part Gum Turpentine to two parts Boiled Linseed Oil it makes an excellent furniture polish. Be sure to wash and dispose of oily rags in a safe place to avoid spontaneous combustion.
